Memorandum No. 54162 A/52-1 dated 15th July 1952.

5845?

Sub: Communications - South Kanara District - Constructions of bridges over the Pavanji, Mulki and Udayavar rivers on the Mangalore Baindur Coast road.

The Chief Engineer (Highways) is informed that representations were recently made by some people from South Kanara District that, if in addition to the bridge at Kulur already constructed, three more bridges over the Pavanji, the Mulki and the Udayavar rivers are constructed on the road from Mangalore to Udipi, it will reduce the distance between the two places by about half for vehicular traffic. Though these bridge works are not included in the five year post war road development plan, the Government consider that some of the worksmay be included in the next list of schemes to be financed from the State Allocation in the Central Road Fund. The Chief Engineer (Highways) is accordingly requested to consider the inclusion of the works under reference in preparing the next list of schemes to be financed from the State Allocation in the Central Road Fund.

M.Gopal Menon,
Deputy Secretary to Government.

To the Chief Engineer (Highways).

With reference to the memo on p 1 ante please see the note in para 2 on pp 5-6 nf of Memo. No. 54162 A/52-1 P.W. dt 15-7-52. It will be seen therefrom that the works referred to on p 1 ante which have not been included in the P.W.R.D. plan should wait and that all or some of them may be included in the next list of schemes to be financed from the C.R.F allocations. The entire free balance expected to be available in the allocation account of this govt from the C.R.F. taking into consideration the anticipated receipts upto 1953-54 has been hypothecated for meeting the expenditure on new schemes already approved and excesses on approved schemes already accepted by the G. of I. The schemes already

in the latest list
approved/are estimated at Rs 120 lakhs and it appears that funds for the works referred to on plants will be available only after 1953-54. In view of this the fact whether the CE. has included the works in the next list of CRF schemes may be taken up for consideration on 1-4-1954. The papers may therefore be recorded in a memo and a C.B.E made for further action on 1-4-1954.

To Rts.

With reference to the memo on p 1 ante, it may be pointed out that the entire free balance expected to be available in the allocation account of this Govt from the CRF, taking into Consideration the anticipated receipts upto 1953-54 has been hypothecated for meeting the expenditure on new schemes already approved and excesses on approved schemes already accepted by the Govt. II. The schemes already approved in the latest list are estimated at Rs 120 lakhs and it appears that funds for the works referred to on p 1 ante will be available only after 1953-54. In view of this the fact whether the CE. has included the works in the next list of CRF schemes may be taken up for Consideration on 1-4-1954. The papers may therefore be recorded in a memo and a C.B.E. made for further action on 1-4-1954.
